

PRYTANEUM PARTNERS

OPERATORS LEADING CAPITAL

We buy software's survivors to build high-margin cash flow.

100% ownership • **50%** net margins • **No** leverage

MARKET SHIFT

The abundant, inexpensive capital that built the software market is gone. The repricing is underway. Durable customers with embedded products remain. Operational capability is scarce. **That gap is what we buy.**

UNFAIR ADVANTAGE

Months to minutes

M&A diligence, compressed

17,000+

targets tracked out of 288,000 (US & Canada only)

70 / \$1B ARR

in-mandate pipeline, ready to execute

Patented system

built for our model - not for sale

OPERATING FRAMEWORK

\$10-40M

recurring revenue software companies

50% net margins

the operating standard, not the exception

100% equity

held outright - **zero leverage**

Shared Services

one centralized operating platform

LEADERSHIP

- Spinout emerging managers - **operational turnaround specialists**
- Former **CEOs, CROs, CIOs and SVPs** who have succeeded together for 7 years
- 71% net margin track record - four quarters after acquisition

Fund 1 • **Open** • \$200M
